Dear Lou:

RE: *Moyer, et al. v. People to People, et al.*

We are in receipt of your letter dated March 2, 2004, which followed both my letter of February 26 and our subsequent telephone conversation.

While I appreciate you conferring with your client concerning his physical condition, we are disappointed you have rejected our request for an update deposition. We have tried to be accommodating as to the time and place of the deposition. Also, we are disappointed you rejected the idea of a stipulation concerning Mr. Moyer's medical condition.

If there has been any change in position of the Plaintiffs, please let us know.

Regards,

Robert G. Hanseman
